THE COLE NURSERY CO.
700 ACRES
PAINESVILLE, OHIO

"Everything That's Good and Hardy"

**IT IS GENERALLY RECOGNIZED AMONG THE NURSERY
TRADE THAT THE EQUIPMENT OF THE COLE
NURSERY CO. IS IDEAL**

The most complete plant of its nature in America. Nurserymen constantly visit us to get equipment information. They realize that the nursery product is a living thing and that it must be handled in the most approved manner to give the success that is necessary to hold their customers.

We have our own private water works and irrigating system and every available improvement for producing the best stock possible, handling and shipping it to reach purchasers in most satisfactory condition. We have our own machine shops for quickly handling repairs to motors, sprayers, tractors, trucks, heat and water systems; railroad cars run right to our great packing buildings and greenhouses.

RESPONSIBILITY

We endeavor to send our patrons the grade and quality of stock ordered. We do not guarantee our products or assume any responsibility after they leave our nursery, as conditions always exist over which we have no control. It is understood, in case of error on our part, that we shall not be responsible for a greater amount than the price paid.

TERMS

Two per cent off for cash before shipment on orders amounting to ten dollars or more. To parties having satisfactory credit arrangement or account with us, one per cent ten days, thirty days net.

No claims for rejections or deficiencies will be entertained unless made within ten days after arrival of goods.

Cole's Golden Jubilee

1881~1931

AS A GROWING CONCERN
with a successful record of half a century it is befitting at this time to say a few words about our fifty years of progress.

In 1881 Mr. W. B. Cole who is still active as president of our Company became part owner of a small nursery located at Painesville, Ohio. From this small beginning with a few acres The Cole Nursery Co., by fair dealing, quality stock and conscientious service has grown to be one of the leading nurseries in the country, with 700 acres around Painesville, Ohio, intensively cultivated and more being added.

To keep pace with the rapid increase in business a mammoth storage cellar containing over 50,000 square feet was erected in 1921, our greenhouse and propagating facilities quadrupled, modern machinery for rapid and economical handling of stock installed, and a large fleet of trucks put in service to expedite deliveries.

We are today propagating and growing a complete line of nursery stock in a center of the industry where climate and the soil are unexcelled for growing all kinds of hardy nursery stock and where experienced help is always available.

In 1923 The Cole Nursery Co. was incorporated with Mr. W. B. Cole as President. D. B. Cole, W. A. Cole, and the late G. S. Cole, sons of the founder, constituted the Board of Directors. The present officers are W. B. Cole, *President and founder*; D. B. Cole, *Secretary and Vice President*; W. A. Cole, *Treasurer*, all active in the business.

To our customers who have by their patronage helped to develop our business, and thereby contributed to our success we are very grateful. We want to assure you and all new customers that the Cole policy for 50 years of fair dealing, quality stock and conscientious service will continue.

With best wishes for your success and hoping for your continued patronage and friendship.

We are faithfully yours,

THE COLE NURSERY CO.

COLE'S ROOT-PRUNED SHADE TREES

Are always in heavy demand with those careful buyers who want only the best. COLE'S SPACING, which gives the trees ample room to develop properly, is another reason for this demand.

ADVANCEMENT IS A THING WE ALL STRIVE FOR

The Cole Nursery Co. has always endeavored to keep up with the times and wherever possible to make changes "for the better." You will note that we have instituted an **EACH RATE FOR YOUR ACCOMMODATION** (where less than five plants of a variety are wanted). Although the type of order that this refers to usually averages well, there are often a few items wanted in small quantities, and we wish to accommodate you.

Moreover there is a further **ADVANTAGE FOR YOU** in that we have been enabled to **LOWER THE 10 RATE PRICE ON APPROXIMATELY 500 ITEMS**. We fully believe that you deserve these lower prices where 5 to 25 plants are required. We are glad to do this and of course we guarantee the usual **"COLE QUALITY."**

Evergreens

Prices include balling and burlapping roots.

GRADING

For simplicity we mention in many cases the minimum size only. However, when any quantity of trees are ordered it is our purpose and custom to include all plants up to the next larger size.

Pinus sylvestris; *Juniperus excelsa stricta*; *Juniperus hibernica*. Cole strives to make every plant a specimen.

Write for our special list of "Lining Out Stock." Cole's planters are full of vitality and eager to show their "pep."

ROSES

We add a number of thoroughly tested roses to our collection each year and at the same time eliminate a few of the least worth-while.

We endeavor to always have a very high class collection to meet all needs. (See pages 58 to 61.)

Beautiful! Sure—and note the reasonable prices for these Specimens on opposite page. This little block is *Retinospora plumosa*. In all Cole's evergreen plantings comprise 150 acres.

Cole's Peony Collection comprises two hundred and fifty (250) varieties. By continual study and observation we have procured this enviable collection. We continually stress quality, and with this in mind we eliminate each year ten to fifteen of the least desirous varieties and add as many new ones for testing. You can see you will be sure of receiving a worthwhile variety—no matter which one you order.

Disease-free plants are necessary for continued bloom and success. Cole does not hesitate to discard any plant showing the slightest sign of disease.

Ask for our **Special Peony Folder** or let us quote you on any varieties required.

Regal Lily is one of Cole's specialties.

CODE OF ETHICS

Illinois State Nurseryman's Association

FIRST—To consider my vocation worthy, as affording the distinct opportunity to serve society.

SECOND—To improve myself, increase my efficiency and enlarge my service and by so doing attest my faith in the nursery business.

THIRD—To realize that I am a Nurseryman and a business man and ambitious to succeed, but that I am first an ethical man, and wish no success that is not founded on the highest justice and morality.

FOURTH—To hold that the exchange of my goods, my service, my ideas for profits is legitimate and ethical, and that it shall be my aim that all parties in the exchange are benefited thereby.

FIFTH—To use my best endeavors to elevate the standards of the vocation in which I am engaged.

The Cole Nursery Company belongs to the Illinois State Nurserymen's Association and believes thoroughly in this code of ethics.
